

ICA Advanced Certificates

Course Dates – July 2022

The structure of these Advanced Certificate courses is as follows:

- 6-month course assessed by 2 written assignments (2,000-2,500 words)
- A mixture of guided online study and participation in live sessions:
 - 1 x Virtual Classrooms - groups are limited to 36 students to maximise the study experience.
 - 1 x Immersive Scenario and associated debrief - a powerful experience putting you at the centre of a story, helping you bridge the gap between what you know and how you can apply that knowledge in your role.
 - 1 x Tutorial – designed to give you an opportunity to engage more actively with the course content and clarify your understanding in a discursive environment. The tutor will support and challenge your knowledge, and the application of that knowledge.
 - 2 x Assessment Preparation Sessions.
 - Videos covering the latest industry developments including Essential Videos, Case Study Videos and monthly 'in the spotlight' videos.
- Proactive support throughout the course to help you stay on track, including access to the Membership Portal.

All times are SG times in 24 hour clock.
